Dear Harold,

Robert Morrow strikes again! Evidently, he was in Pittsburgh for over a week, spreading his disinformation via radio. John Cigna apparently intends to keep in touch with Morrow and to use him as his source of information on the New investigations. Morrow himself certainly appears confident that he will play an important role in the committee's investigations. He also doesn't hesitate to tell you that he was instrumental in having the investigation re-opened.

Somewhere on this tape he refers to an interview he was to have taped with Wecht. I called Wecht to find out when & on what station the interview was going to be broadcast. For the time being at least, Pittsburgh will be spared the disinformation of that interview because their schedules prevented them from getting together.

I'll keep my eyes & ears open for any information you can use. If there's anything else I can do, let me know.

Best,
Karen
